

## How to get embed code of any YouTube Video

1. On a computer, go to the YouTube video you want to embed
2. Under the Video, click Share

The screenshot shows a YouTube video player for the video "Insight on Eye Health - A Holistic Look at Cataracts" by WOWNewMedia. The video is at 1:16 of 29:50. Below the player, the video title and channel name are visible. The "Share" button is highlighted with a red callout box that says "Click on Share". Other options like "Add to" and "More" are also visible.

3. Click Embed

The screenshot shows the same YouTube video player as above, but now the "Embed" button is highlighted with a red callout box that says "Click on Embed". Below the "Share" button, there are tabs for "Share", "Embed", and "Email". The "Embed" tab is selected, and a row of social media sharing icons is visible. Below the icons, the video URL is displayed: <https://youtu.be/8-yhgsTo3FI>. There is also a "Start at" field with the value "1:16".
